Hi Evan
The previous reports were very helpful.
Priorities: national security(if that's an important arena for them)
Oil industry. Mining industry(gold +). Major infrastructure projects?
Political support (in UN? US? Intl bodies & orgs?.
I'll meet ministers of my choice.
Internal relationship and politics are of interest to the extent they are relevant to the issues on the priority list.
I'm going there July 27-30.
I prefer to have it several days BEFORE the visit.
Thx. Best
EB

Just today I provided Governor Richardson an overview to share with Eric Schmidt, CEO of Google, whom he knows well. If you know of others who could find these briefings of value, please let us know.
